

Rocklands Parish Council (RPC)
Minutes of Parish Council Meeting
7.00pm on Monday 8 January 2024

Present: David Howie Chair
Richard Harrison Vice-chair
Amanda-Jayne Buckland
Tim Ford
Anne Jones
Bryan Swaddling
Kim Austin Clerk

Also present: 14 members of the public.

The meeting opened at 19:00

1. To consider accepting apologies for absence

Apologies were received from Cllr. Sarah Suggitt who had sent a report (See item 9) and Dave and John Thomas who were away.

2. To record declarations of interest from members in any items on the agenda

There were no declarations of interest.

3. To approve the minutes of the last Parish Council Meeting on Monday 6 November 2023

The minutes had been circulated to all councillors prior to the meeting. Ian Scholes had highlighted to Cllr. Harrison prior to the meeting, that on p5, under Notes on Kemp Meadow - it said '*the developer remains responsible for site maintenance for 3 years*' - Cllr. Harrison agreed to check the wording, as to whether it says surface water or ditch maintenance. The minutes were annotated to this effect in the margin. All councillors approved the minutes and the query would be clarified at the next meeting. The minutes were duly signed by the Chair, Cllr. David Howie, who also signed the annotation.

4. To discuss any matters arising from the minutes (6 November 2023) not on the agenda.

There were no matters arising.

5. To adjourn the meeting for public participation

The meeting was adjourned at 19:05. Dave Jones reported that no sooner had streetlight 9010 been reported as not working - K&M Lighting had been out and fixed it. They do provide a brilliant service. The meeting reconvened at 9:06.

6. To update on First Time Sewerage (RH).

Cllr. Harrison's report had been circulated to all councillors prior to the meeting.

On 10 November 2023 I finally received electronic communication from Anglian Water that residents could now connect to the new sewer. This was followed-up, several days later, by a letter to all registered residents - informing them that sewer connections could now be made. At the time of writing, several residents are already connected. Residents wishing to connect are reminded that they should apply to Breckland Council Building Control - with a fee - for the works to take place. On satisfactory completion, compliant with the Building Regulations, they will be issued with a 'Completion Certificate'. Residents wishing to connect - who wish to avoid a connection fee - are reminded that they now have less than 11 months to do so before connection becomes chargeable. Sewage charges will also be waived for 12 months after the sewer first became available for connection.

From a personal point of view, connection has been a huge relief! For the first time in at least 6 years, we have not been living in the 'dark ages' over the Autumn/Winter period. No more pumping of septic tanks numerous times at great expense etc.

It has been brought to my attention that some of the road surface repairs following pipe-laying have settled and sunk slightly - giving rise to areas where rainwater pools, and where that water could freeze - increasing skid risks. In the first instance, residents should report this to NCC highways via the usual route:<https://www.norfolk.gov.uk/roads-and-transport/roads/report-a-problem#roadicons> - select 'Drainage and flooding' and provide the information required. You will, in turn, receive case numbers for reference - which can be used to track progress, and which can give you automatic updates. You can also give me details of the exact location and extent, and I will consolidate them into a general report to Anglian Water.

7. To update on SID (flashing speed sign) (RH)

Cllr. Harrison's report had been circulated to all councillors prior to the meeting.

In the last period, the speed sign was deployed as follows:

a) Attleborough Road (B1077) - traffic approaching from Caston

Deployed: 12:00 hrs 03 November 2023

Finished: 11:00 hrs 05 December 2023

The analysis results show:

37,055 vehicles detected

Average 1,160 vehicles/day

Morning peak time - 07:30 to 08:30

Afternoon peak time - 14:45 to 15:45

35,045 vehicles (94.6%) within 40 mph speed limit

2,010 vehicles (5.4%) exceeding speed limit

- of which 317 vehicles (0.9%) over 45 mph - and likely open to a fine*

Top speed: **60 mph** - 20/11/2023

Since the last deployment facing towards Caston:

- vehicle movements averaged 1,160 per day - an 18.5% increase in daily traffic volumes.
- vehicles speeding numbered 2,010 (5.4%) - 1.0% less vehicles speeding.
- vehicles open to enforcement action numbered 317 (0.9%) - 0.2% less vehicles open to enforcement.

b) The Street - traffic approaching Village Hall from B1077 Crossroads

Deployed: 11:00 hrs 05 December 2023

Finished: 11:00 hrs 04 January 2024

The analysis results show:

10,227 vehicles detected

Average 341 vehicles/day

Morning peak time - 08:00 to 09:00

Afternoon peak time - 15:00 to 16:00

8,114 vehicles (79.3%) within 30 mph speed limit

2,113 vehicles (20.7%) exceeding speed limit

- of which 391 vehicles (3.8%) over 35 mph - and likely open to a fine*

Top speed: **55 mph** - 16/12/23 *

Since the last deployment facing towards Crossroads:

- vehicle movements averaged 341 per day - a 6.2% increase in daily traffic volumes.
- vehicles speeding numbered 2,113 (20.7%) - a 9.7% decrease in vehicles speeding.
- vehicles open to enforcement action numbered 391 (3.8%) - a 3.1% decrease in vehicles open to enforcement.

Whilst the decreases in speeding traffic, against a daily volume increase, is encouraging, more than a fifth of vehicles speeding on a village street remains completely unacceptable.

As always, I am indebted to Tim for his continued support - and I am grateful to both Tim and Bryan for covering for me whilst I was recovering from major surgery.

Update on speeding (DH)

Can't ignore these figures produced by Cllr. Harrison. Speeding has to be a priority and maybe the PC could involve Ed Connolly. Have openly said they cannot do anything until there is a fatality. Need to

revisit all the speed control measures already considered and mostly, turned down. A couple of skips parked in strategic places was mentioned by a resident as a calming measure. Cllr. Howie said if anyone had any ideas, then to let him know.

8. To update on Flooding (RH). To include ditches at Mill Lane/Green Lane.

Cllr. Harrison's report had been circulated to all councillors prior to the meeting.

It has been painfully obvious that yet another very wet Autumn/Winter has given rise to yet more surface water flooding problems in The Street. Although the greatly increased capacity of the transfer pipes under the road at the bottom of Church Hill has been working well to transfer accumulated surface water to the ditch beyond, the problems at the other end of The Street persist - with the deployment of pumps and barriers still necessary.

Hopefully, with the help of the working group (below), agencies and authorities, we will make more progress.

On 10th November, George Freeman MP hosted another on-line meeting of the Mid Norfolk Flood Partnership, in which I took part. I took numerous opportunities to get across the significant flooding issues in our parish and addressed a number of points to the Head of the Lead Local Flood Authority at County Hall. I am following these up with him - urging that we get the expert from the Environment Agency, previously mentioned, to engage with our working group.

Rocklands Flooding Working Group

Following the last Parish Council meeting, we received the names of 13 residents who have put themselves forward to join the proposed working group - together with myself and Cllr. Ford. I placed a further invitation in the most recent edition of the 'Rocklander' and received one further applicant. I have issued a first communication to those registered (thank you) - preparing for a first meeting.

I have proposed that, to start things rolling, I give a presentation on what we have been doing behind the scenes in the last 5+ years to engage with various agencies, authorities and funding bodies to get support for a project. This will include the presentation which I delivered to our second multi-agency meeting which was held on 30 November 2021. This summarises history, geology, geography, surveys, existing infrastructure etc. and we will discuss a number of activities which have taken place since then.

I will consider giving a similar presentation to an open public information meeting, subsequently.

I intend that representatives of relevant agencies and authorities will be invited to engage further with the working group as appropriate.

9. To receive news from village organisations and churches

All Saints Church (CJ) A report received from Cath Jones was read out by the Clerk.

After all the busy-ness of Christmas, things have settled down in church again and January is a quiet month (we don't have a service during this month because of the cold weather and trying to create a warm environment for the congregation!) The situation with the merger with the Hingham group of churches has stalled and there is no progress to report about finding a priest who is willing/able to look after the needs of twelve rural churches. Representatives from each of the churches are meeting with the new Bishop of Thetford (aptly called Ian Bishop!) later this month to discuss the situation and see if a way forward can be found.

Meanwhile each church is muddling through as best we can, trying not to create too much work for Rev Sue Strutt who is officially in role as a priest in a 25% capacity but does much more! The Christmas services at All Saints were successful, with the Christingle attracting about 100 people.....a bit of a logistical nightmare as about 45+ were young children holding lit candles as they sang 'Away in a Manger' but all went well. We enjoyed hearing the Rocklands School choir sing two songs so thanks to Mr Aitken for giving up his time to bring them! The collection was sent to the Children's Society after the service. The Christmas Eve mass was not quite so well attended but the church was reasonably full for this traditional candlelit service late at night. Thanks to all who attended. As has been the custom for several years, we held an informal carol singing session outside the shop on Christmas Eve. About 100 people, including many children, turned up to sing familiar carols, washed down with mulled punch kindly provided by Alan and Elaine and sustained by home-made mince pies provided by three shop volunteers.

A collection bucket raised £177.27 which will be added to the money collected by Santa as he made his way through the village on Friday 15th and sent to EACH this year.

Happy New Year to all from All Saints Church !

Little Rocky's Toddler Group (SB)

Numbers continue to hold steady: 27 children last Friday on our first session back. More families registering with us. We are particularly pleased to report that we have more male family members attending on a regular basis. We have a strong committee of 8 members who oversee all the decision making for the good of the group. We share ideas and play to individual strengths.

We booked a photographer to take portraits and family groupings. This was highly successful, and the photographer is keen to set up a regular arrangement with us. Successful Winter Market in conjunction with RSP. Many children came to visit Santa in his grotto despite the appalling weather. Good footfall with many people from the village supporting us. Christmas party with Santa in appearance. All children received a present from Santa. We had to close the bookings as we reached 30 children and still more people were expressing an interest.

All volunteers have DBS checks. Shena and Sharon have booked for further Safeguarding training.

We are part of a EYFS Community Cafe with the support of the Norfolk School & Community Team. We have had one meeting and will have a follow up meeting in February. It looks at ways of addressing any barriers to learning before it becomes a major issue for schools. We will be looking towards paediatric first aid training in the near future.

We continue to look for ways of improving our provision and welcome suggestions from our families.

St. Peter's Church (John Brown).

John reported that Santa had enjoyed himself, had visited Great Hockham School and also the house of a pupil that was poorly. Much appreciated by all involved.

Rocklands School (Dave Jones)

Had a happy and busy festive season. Everything going well. 72 on the school roll. Ofsted rated it as strongly good. The school continues to thrive and the Ofsted report is Good.

Rocklands Playing Field. (Cllr. Buckland)

No update.

Rocklands Youth Club.

Plodding along steadily. Good atmosphere. Two parents are now helping at the Club.

District Councillor Report (SS). All Saints and Wayland Ward, January 2024

Firstly, Sarah Suggitt and Phil Cowen wish you all a very Happy New Year and hope that everyone has enjoyed a relaxing festive break.

Flooding. Thankfully whilst there has been excessive rainfall recently there have been no major incidents of flooding that have impacted on the communities within the Ward. Locally, the Lead Flood Authority, Norfolk County Council have responded to some incidents. Attached to this report are the Norfolk Strategic Flood Alliance minutes from the December meeting for your information.

Local Plan. The proposed draft Local Plan is on programme the start date will be held between Monday 8th January until Monday 19th February 2024.

The Council has arranged a series of in-person workshops for town and parish councils and are emailing all clerks; we do encourage local councillors to email Breckland to reserve a place.

Draft Budget and Medium Term Plan and Capital Strategy. At Cabinet today Phil Cowen presented the Draft Budget and Medium Term Plan and Capital Strategy and took some questions on the detail. The document was issued for consultation in December and will be presented to the Scrutiny Committee on February 1st then on to Cabinet on 12th February and Full Council on 22nd February. Details can be found here at <https://democracy.breckland.gov.uk/ieListDocuments.aspx?CIId=116&MIId=5007&Ver=4>

10. To report on financial matters

10.1 To agree Precept for 2024/2025

The Clerk had circulated, before the meeting, a summary of the precepts over the previous years and some figures on which to discuss predicted spend for 2024-2025 and to decide on the precept. It was noted that the cost of electricity had increased. Also, there were now, not many areas where further savings can be made. The precept wasn't increased last year. All councillors agreed the precept should be increased to cover rising costs. Amounts of between £1000 and £2000 were suggested. After discussion, an increase of £1300 was agreed bringing the precept for 2024-2025 to **£8500**.

	PRECEPT	GRANT	TOTAL	INCREASE
2014/2015	4800	£335.90	£5,135.90	£350.00

Level **SCP18** was £14.21 per hour from 1/4/2022. New hourly rate from 1/4/2023 is £15.21. **£15.21** x 5 hours per week, x 52 weeks per year. Is £3954.6 / 12 months = **£329.55 per month** (Increase of £21.67 per month). Back pay due from 1 April 2023 to date (8 months) is therefore **£173.36**. Cheque written for back pay and the standing order with Barclays to be amended to the new monthly figure of £329.55 in time for 1 February standing order payment.

12. To update on the Rocklands Neighbourhood Plan (RNP) and Breckland Local Plan (BLP)

RNP. Rockland's Neighbourhood plan is currently on hold. No update.

Breckland Local Plan (BLP)(RH)

I still await contact from Breckland Council's consultants - to meet and contribute data to the strategic Flood Risk Assessment for the upcoming new Local Plan. Cllrs. Howie, Ford, Jones and I will be attending an 'in-person' workshop being held at Attleborough Town Hall tomorrow (9 January) as part of the Development Strategy Consultation being run by consultants for Breckland Council. We hope this meeting goes better than the last where questions were rushed and sometimes closed down.

Post Meeting Note: Discussions regards the new Breckland Local Plan are very important as they consider important points such as Rockland's settlement boundaries and its designation as a service centre. **Important Public Meeting arranged. Saturday 27 January 2024 at 11am in Rocklands Village Hall.** This meeting is to inform and discuss: Alternative development strategy options and proposed sites for development under the New Breckland Local Plan. The outcome will affect residents for years ahead, so your input is vital. All Rockland's residents are urged to attend.
