Question 1:

Breckland would like your views on either continuing with a settlement boundary approach or an alternative criteria-based approach, which could mean proposed development would be considered against a defined criteria rather than an outright 'yes or no' based on the boundary line. They say, *"Protecting the countryside and preserving the character of Breckland's villages would be key considerations.."*

Should Breckland continue with a settlement boundary approach or develop a robust criteria-based policy?
